SUBJECT: Transfer of Employees within the United States

1. During the past year I have been carrying the flag for employees whose transfer within the United States has resulted in considerable out-of-pocket expenses to them. I have written Mr. [REDACTED] some time ago about this problem, and Mr. [REDACTED] is fully aware of the Office of Communications' position. I am attaching a column from the local paper which indicates that the government on the whole is looking into this problem. I am not familiar with our liaison relationship with the Bureau of Budget, Civil Service Commission and the Hill on such proposed legislation, but do hope appropriate Agency personnel are aware of this problem and will endorse and encourage any legislation that will help alleviate the cost in such transfers.
